

# TBAP Teaching School Alliance

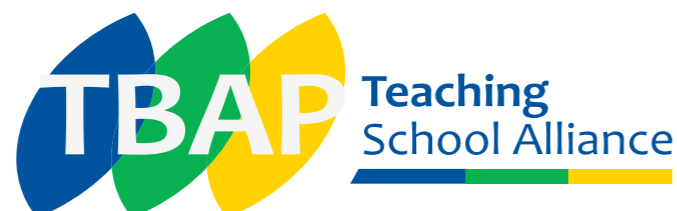

## 2019-2020

The TBAP Teaching School Alliance is uniquely placed to offer specialist behaviour and mental health support & training to all educational settings: primary, secondary, mainstream or AP. Developing a strong school culture with effective behaviour management, trauma-informed approaches and staff development is at our core. As part of a strong Alternative Provision alliance, we have a wealth of expertise in these areas and we are proud to share the skills we have developed to support school improvement and life chances for all learners. Our key aim is to develop strong collaborative partnerships to enable schools to learn from each other, share innovative practice, new models of learning and best practice in order to ensure our most vulnerable learners can thrive.

# In the last year...

Provider of school-to-school support, CPD, teacher training, leadership development and school improvement to the AP and SEMH sector

[tbap.org.uk/tsa](http://tbap.org.uk/tsa)

## CPLD

We offer a range of bespoke training and nationally recognised qualifications including NPQSL/ML and MHFA. Visit the CPD area of our website for more information.

## Special Projects

TBAP TSA are committed to innovative practice and developing new approaches. To find out more, visit our website.

## School to School Support

We have a proven track record of support for schools in challenging circumstances and collaborative work with mainstream partners. See our website for details of how our SLEs could support your setting.

## Conference

This year marks our 5th annual conference, providing high quality CPD for AP and other education professionals. Follow us @tbaptsa on Twitter for the latest news

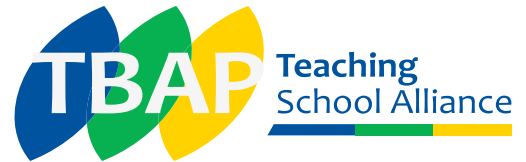

## Initial Teacher Training

Would you like to complete your training in an AP setting? **We can help!** Contact us for details of our School Direct vacancies.

## Join us

Are you an AP or SEMH school looking to collaborate and share best-practice? Visit our website to find out how we can work together.

# Our services

## School Reviews

Are you an AP setting looking for external quality assurance? We have developed a robust system of dynamic school review devised specifically for Alternative Provision settings. TBAP Dynamic School Reviews are led by senior members of the TBAP executive team and supported by TSA SLEs.

## Behaviour Reviews

Thinking about reviewing your behaviour policy? Our whole school behaviour reviews are bespoke, to match your needs. Our SLEs all come from alternative provision settings with a proven track record of improving and supporting behaviour both in AP and mainstream settings.

## Individual learner support

Are you looking for a new strategy with an individual learner to reduce their exclusions and re-engage them? We can provide personalised support plans for learners based upon observations, staff conversations and our own experiences.

## School visits

Are you a mainstream setting interested in how AP works? Are you an AP provider looking for ideas? Are you thinking of setting up an AP establishment of your own? We offer school visits to tour our academies. These visits can also include consultation with a member, or members, of our leadership team pertinent to the focus of the visit.

## Managed Intervention and Outreach Services

Are you looking to develop more early intervention services to help prevent exclusion? Our intervention centres offer personalised support to learners in order to help them to manage in a mainstream setting. Our Primary Outreach Team can build capacity within schools by training colleagues to manage challenging behaviour.

## Costs

Prices available on request. Please contact **Jenny Appleton, Head of TBAP Teaching School Alliance**, to discuss your requirements further.
